

Visual Routine Cards

Morning School Routine — visual step-by-step schedule

Use this visual routine to help your child see each step of the morning. Laminate the strip and hang it where your child can check it. Cut out the individual cards on page 2 to create a hands-on schedule board!

How to Use These Cards

- **Print & laminate** — durability for daily use
- **Velcro on a board** — let your child move each card to "Done!" as they complete it
- **Start with 3 steps** — add more steps as your child builds confidence
- **Keep it positive** — praise each completed step with a high-five or sticker
- **Use a timer** — some kids do better with a visual countdown for each step

✂ BONUS CARDS

Schedule Board Ideas

- **Morning board:** Hang cards in order by the bedroom or kitchen
- **Velcro system:** Attach velcro dots to cards and a ribbon strip — flip to "Done!" side when complete
- **Portable:** Put cards on a binder ring for on-the-go routines
